Jim Cash	310-463-6902 jfc7601@yahoo.com	Veteran PV racer seeks opportunity make a contribution & enjoy the excitement. I was lucky enough to skipper a Beneteau 52 in the PV09. In spite of a rating less than half that of the same boat on the East coast we were able to hold our own and crossed the line one, two or three in all legs. I hold a 100 ton USCC license with 50 years sailing & racing experience, including one Atlantic crossing, and two Canal transits. I'm not necessarily looking for a skipper position, just to have fun, and I can fly a chute with the best of em.

3/26/10

If you have a yacht available for Charter for this race, please contact us directly at CREW@pv11.org. We will post your information here. We reserve the right to edit your information.
